

Press Release :

Bloc Design welcomes new member to our team

Charlotte, NC – December 1, 2015 - **Bloc Design, PLLC**, a landscape architecture and civil engineering firm located in Charlotte, recently announced the firm's new addition to their landscape architecture staff. Jason Dolan, RLA, joined the firm in December 2015. Jason brings years of experience and talent as a senior level project manager for a large multi-disciplined engineering firm in Charlotte. His experience includes site analysis, master planning, rezoning, and Construction Documents. As a registered Landscape Architect (RLA) in North and South Carolina, Jason brings 15 years of sophisticated knowledge to projects in both the private and public sectors, including mixed-use, civic, industrial, residential and education. Some of Jason's notable project history includes*:

- Metropolitan at Midtown – Charlotte, NC
- Piedmont Town Center – Charlotte, NC
- Capital Towers – Charlotte, NC
- Bank of America Founders Hall – Charlotte, NC
- Ballantyne Village – Charlotte, NC
- Ashley Park – Charlotte, NC
- Alpha Mills II – Charlotte, NC
- The Vue – Charlotte, NC
- 300 South Tryon – Charlotte, NC
- The Duke Endowment – Charlotte, NC
- Time Warner Cable – Charlotte, NC
- Charlotte Area Transit System North Corridor Commuter Rail Project; including 8 stations over 20+ miles – Mecklenburg/Iredell County, NC
- Charlotte Area Transit System Silver Line – Charlotte, NC
- Fayetteville Area System of Transit Multimodal Center – Fayetteville, NC
- First Ward Park & Infrastructure – Charlotte, NC
- Time Warner Cable Arena – Charlotte, NC
- AirPark West – Charlotte, NC
- RiverOaks Corporate Center – Concord, NC
- Appalachian State University – Boone, NC
- Providence Day School – Charlotte, NC

C. Collin Brock, RLA, firm's managing partner: ***"Having Jason join the Bloc Design team is an incredible added value towards the continued growth and trajectory of our firm. His reputation in the Charlotte area as being a highly respected senior project manager goes without saying. We are incredibly excited to have his leadership and expertise on our organization."***

Bloc Design is a collaborative, knowledgeable multi-disciplined consulting firm providing experienced planning, landscape architecture, and civil engineering services. Their focus is to provide clients with a committed creative approach to each project's unique character and challenges, as well as provide responsive, principal-driven project management. **Bloc Design** recognizes the synergetic balance of collaboration between the blending of art and science, the creative and technical.
